

## An Education Conference for Adopter's to learn, participate and connect,

hosted by Adoption UK's independent service, Adopter Voice in partnership with Adoption@Heart.

20<sup>th</sup> November 2021 9.30am-1pm as an online event.

We want to hear your views, your voice and your lived experiences as well as give you a time to learn about Education from an expert speaker, **Stuart Guest**, dad through adoption and birth, Head Teacher at Colebourne Primary in Birmingham and trainer of teachers in trauma and attachment matters that affect our children.

Adoption UK's, independent service Adopter Voice will be hosting the event to also capture your views and opinions, to make sure your lived experience is heard, then shared across the region's schools and with Adoption@Heart's Post Adoption Support team, to review support future planning of your family's needs.

There will be breakout rooms with our Adopter Voice Champions, to get involved and share your experience of EHCP's, Home Schooling and Attachment: What do Teachers really need to know.

Our Adopter Voice Champions will create a report full of your views and matters you want to feedback to Adoption@Heart to influence review and change.

Finally, the conference will end with a Q & A panel including Stuart Guest plus representatives from the Virtual Schools in the region. (Panel to be confirmed.)

To register your place, one per family,

Click here to book your ticket: <https://educationconference20thnov21.eventbrite.co.uk>

Further information will be sent closer to the time; registration closes 12 November 2021 at 09:30

Our 2021 Adoption Barometer is now live.  
Read the results on our website and find out more about our six point plan to improve the life chances of adopted young people.
